Dear Mr. Blossom:

Re: Permit Review Status, Lakeside Mountain Limestone Mine, M/045/038, Tooele County, Utah

On December 16, 1992, the Division received Materials Energy Research and Recovery Corp.'s plan for the Lakeside Mountain Limestone mine. Due to a backlog of other permit reviews, the Division will not be able to complete a review of this plan within the usual 30-day timeframe. Please accept our apology for the delay and any inconvenience this may cause you.

We hope to complete our review of your application within the next 30-45 days. We appreciate your patience and understanding in this regard. Please contact me if you have questions or concerns with this proposed review schedule.

Sincerely,

A handwritten signature in cursive script that reads "Anthony A. Gallegos".
